### **All the Benefits of Being Part of the United States**

As an unincorporated United States Territory, the U.S. Virgin Islands has all the benefits of being a Caribbean location with key U.S. benefits.

Being within a U.S. jurisdiction also provides the following benefits to companies operating in the islands:

- “Made in USA” labeling
- Shipping advantages
- Duty-free imports
- Duty free and quota free exporting of USVI-made goods into the U.S.
- No state or territory tax
